### HEALTH BENEFITS

#### Medical and Prescription Drug Insurance Coverage

Eligible employees may select from two medical plan options. Both plans are Open Access, which means selecting a primary care physician or obtaining a referral is not required for access to health care services. The plans offer an extensive network of health care professionals and facilities and provide prescription drug coverage.

#### Dental Insurance Coverage

Dental insurance coverage is offered through a passive PPO plan. The plan covers preventive, diagnostic, routine, and major services and also provides an orthodontia benefit.

The Bank offers eligible employees the option of purchasing vision coverage. The vision plan provides an annual eye exam, eyeglass lenses every calendar year, frames every other calendar year, and discounts on other vision-care related expenses.

#### Flexible Spending Accounts

The Health Care Flexible Spending Account provides a pretax method of paying for eligible out-of-pocket health care expenses such as deductibles, co-payments, certain over-the-counter items, and some expenses not covered by insurance. The Dependent Care Flexible Spending Account provides a pretax method of paying for childcare expenses for children ages 12 and under and dependent-care expenses for disabled or elderly dependents.

#### Health Savings Account

The Health Savings Account (HSA) is available to employees who enroll in the high-deductible medical plan. The HSA is a tax-deferred savings account that can be used to pay eligible out-of-pocket health care expenses.

#### Employee Assistance Program

Bank employees and their dependents are eligible to receive counseling sessions to assist in dealing with a wide range of issues, on or off the job. The Employee Assistance Program provides counselors trained in family therapy, substance abuse, financial counseling, elder-care issues, stress management, legal counseling, and a variety of other concerns.
